re-submission

```
Enter your stair-climbing rate (in steps per minute): 250
Enter the time duration (in minutes): 6
```

Time	Step total
----	-----
1	250
2	500
3	750
4	1000
5	1250
6	1500

```
You reached The lookout at 1000 steps in 4.0 minutes
```

```
